**Dr. Harvey's Herbal Grooming Essentials** Using only 100% natural and organic ingredients these formulae are the best in herbal healing. Avoid harsh and toxic chemicals in the stable with Dr. Harvey's Herbal Grooming Essentials. Protect your horse and yourself.

## Organic Hoof Cream

Keep Your Horse in Top Shape

Dr. Harvey's Organic Hoof Cream and Ointment is the only topical hoof application made with **Organic Shea Butter** and **Aloe** for moisturizing and **Calendula extract**, which is traditionally known as the finest herb for topical healing. These herbs are **antiseptic, anti-fungal and antibacterial cream**.

Organic Hoof Cream and Ointment may be used daily to prevent cracking and to promote healing. By moisturizing and conditioning, this formula maximizes flexibility and shock absorbency.

## Herbal Protection Spray

A Safe, Effective Herbal Alternative

- Organic Ingredients
- Pleasant Natural Herbal Fragrance-No Perfume
- Cruelty Free
- Made in the USA

A non-insecticidal botanical spray. Gentle enough to be used on head and ears. Dr. Harvey's Herbal Protection Spray contains no chemicals and no DEET.

When you use products that contain harsh chemicals on your horse, you not only expose your horse, but you expose yourself. These chemicals are absorbed through the skin as well as through inhalation. Herbal Protection Spray can be used in conjunction with [Dr. Harvey's Protection Shampoo](#).

## Dr. Harvey's Herbal Liniment

### Safe and Effective Herbal Rub

Dr. Harvey's Herbal Liniment uses only all-natural and organic ingredients and is a highly effective massage liniment. It is wonderful for horses with sensitive skin. Dr. Harvey's Herbal Liniment can be used with or without bandages, before and after exercise.

### Herbal Health for Your Horse – Without Toxic Chemicals

Help relieve minor stiffness, soreness and inflammation in your horse. Helps to stimulate blood flow to sore ankles, knees and tendons.
